Experienced & versatile security professional

**25**  
Years  
Experience

Halifax  
Nova Scotia  
Canada

## Leadership

- Certified Manager (C. Mgr)
- Experience leading complex teams of 6-18 in an enterprise environment
- Financial & administrative management of projects >\$1M
- Tactical control of up to 120 personnel

## Education

- Acadia University, 1996
- Bachelor of Computer Science
- Specialization in Software
- University Scholar

## Selected Work Experience

### Team Lead, Security, Halifax Shipyard (JDI) | 2018-Present

- IT Security lead for Canadian Surface Combatant (CSC) Program
- Completed Risk Assessments of key program areas
- Lead Security Assessment & Authorization (SA&A) on key CSC projects through to successful ATO
- Alternate Company Security Officer (ACSO)
- Chair of CSC IT Security Working Group

### Security Consultant, Crypto Logic Canada, Inc. | 2003-2018

- Developed client security architectures, seeing them through inception to implementation
- Turned broad customer designs into concrete deliverables for numerous Fortune 100 companies
- Managed Canadian office, including Support and Professional Services teams
- Built a widely adopted Managed Security Service program from the ground up
- Set strategic direction for in-house and customer facing technologies
- Coordinated SE travel based on priority, availability, resource skills and task requirements
- Developed in-house and external training programs for customers, SEs and partners
- Liaison between customers and engineering team to ensure accurate representation of needs
- Led offshore team creating detection signatures for patches, AV and other security products
- Architected public Support Knowledgebase initiative including:
  - Technotes & documentation
  - Product and policy updates
  - Customer support & discussion forum
- Maintained long term product roadmap and short-term priorities based on emerging requirements
- Developed add-ons (often integrated into final products) to support customer specific requirements such as advanced reporting and automated backups

### Senior Officer, Canadian Armed Forces (Primary Reserve) | 1990-Present

- Selected to attend Advanced Command and Staff Course in Shrivenham, UK
- Graduated top third from the Canadian Army Command and Staff College (Army Operations Course)
- Held a variety of positions including Company Commander, Operations Officer, and Platoon Commander
- Held Command and Staff positions in the Territorial Battalion Group, lead in Domestic Operations planning

### Technical Editor, Information Security Magazine | 2000-2004

Information Security Magazine was a monthly trade publication with a readership of over 300,000. As Technical Editor, I published 10 feature articles (including a cover story) detailing a variety of topics from emerging technology trends to policy administration. I also conducted roughly two dozen technical evaluations for the product review section.

### Security Engineer / Manager, Nortel Networks | 1997-2002

- Managed large, geographically dispersed team of IT professionals
- Developed policies to protect Nortel Networks from liability
- Cut enrolment time from 5 business days to under 5 minutes by delivering a secure self-service model
- Managed the RFP process for several enterprise-wide procurements
- Led integration teams for services such as VPN, authentication, firewalls and PKI
- Worked closely with vendors to ensure accurate representation of corporate needs
- Conducted risk assessment on wireless security of approx. 20 large locations

## Security Skills

- SA&A
- ITSG-33
- NIST CSF
- Risk Management
- Security Architecture
- Security Operations
- Information Management
- Harmonized Threat & Risk Assessment
- Physical and Network Security Zoning
- TEMPEST
- EMSEC

## Professional Overview

- Security advisor on key national level projects
- Hands-on security technology professional since 1995
- Extensive project and personnel management experience
- Strong understanding of enterprise security operations
- Outstanding communication and presentation skills
- Active NATO Secret clearance
- Patent granted for Management of certificates for public key infrastructure
- CIM Level 7 Strategic Management & Leadership Certification (UK)
- Owner of Army.ca / Navy.ca / Air-Force.ca online services
